“ *When you find time to read all these posts I hope you find some kind of peace knowing how loved Gene was. You are and always will be in my heart. Gene had to be some kind of man to make your eyes light up the way they were these last 9 years. Will be around for you when you need me. Prayers to you and the family in your time of grief.*

“ *Gene lived next door to us and we all grew up together. Learned hard lessons together, loved together. My heart goes out to those left behind but gene would not want us to cry but to laugh and remember all those memories we have. I wont forget you gene as your memory is in my heart forever. Such a good loving man. See you on the flip side.*
